ATLAS targets practical intervention within 24 hours on infrastructure under its control, subject to safe access, stock, weather, civil work and third-party networks. Survey and signed offer required.

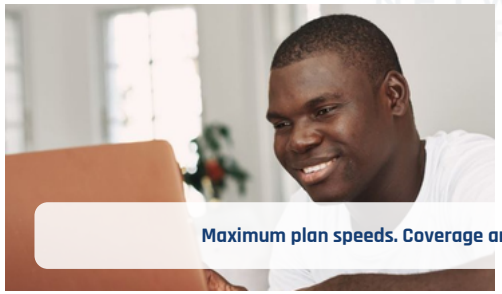

HOME INTERNET / MAKEPE - LENDI - LOGPOM

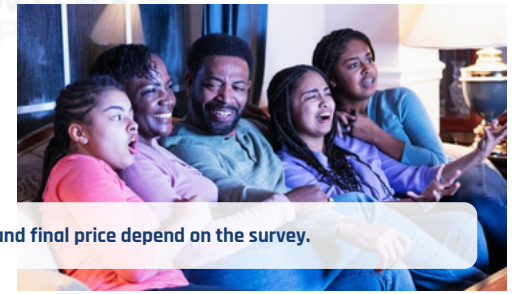

HOME INTERNET. CLEAR PLANS.

Reliable home Internet starts with the route, not only the speed number. ATLAS checks coverage, selects Ethernet, optical fibre or wireless delivery, and confirms the final offer

ENTRY	STANDARD	PROFESSIONAL	INDUSTRIAL
14,950	19,500	29,500	NEGOTIATED
UP TO 5 MBPS	UP TO 10 MBPS	UP TO 20 MBPS	UP TO 30 MBPS

Maximum plan speeds. Coverage and final price depend on the survey.

PLANS + INSTALLATION

CHOOSE THE PLAN. WE SURVEY THE ROUTE.

Monthly guide prices for eligible locations.

ROOM TEST

PAYMENT

Monthly service is prepaid and due by the last calendar day. Postpaid billing may be approved in the signed offer when the accepted installation contribution is above 50,000 FCFA.

WHAT STANDARD INSTALLATION INCLUDES

One compatible main router OR one approved Wi-Fi extender - not both - plus the normal surveyed Ethernet cable or optical-fibre segment. Extra devices, distance, protection and civil work are paid separately.

FROM 45,000 FCFA - LONG ROUTES QUOTED - ABOUT 500 M MAY EXCEED 76,000

EQUIPMENT + SMART TV

ONE GOOD WI-FI DEVICE BEFORE EXTRA EQUIPMENT.

Tenda AC1200

39,000 FCFA

AX10-class

47,000 FCFA

Smart TV Box

49,500 FCFA

HOME ENTERTAINMENT

PAID CONTENT

INCLUDED DEVICE VS EXTRA DEVICE

The offer identifies the included router or extender. A second device is paid separately. An extra extender is 20,000 FCFA as a guide. Placement is tested before more hardware is recommended.

SMART TV / IPTV IS SEPARATE

The MX10-class Smart TV box guide price is 49,500 FCFA. Internet, device, applications and licensed content are separate services. Any IPTV trial or subscriber discount applies only when written in the quotation.

Netflix, CANAL+, beIN, SuperSport and other services keep their own accounts, rights and fees. Images are illustrative and do not promise a channel package.
